2025 Attitude Survey of Setagaya Residents (Summary)

The Attitude Survey of Setagaya Residents (Summary) is the summary of the 2025 Attitude Survey of Setagaya Residents conducted in May 2025 and has been prepared so that a wider range of city residents may be informed about it.

This year's survey included topics for understanding changes that occur over time such as "Intention of Permanent Residence" and "Reception of City-Staff", and in addition to these, ones regarding "Public Relations", "Cultural Activities", and "Gender Equality".

The results of the survey are used as basic data for carrying out the mission of the city government.

Those who wish further information may view the full 2025 Attitude Survey of Setagaya Residents at the City Civic Information Centers, City Civic Information Corners, and on the city website.

[Disaster Preparations]

The City of Setagaya promotes home evacuation. Evacuation centers are places that take in people who are no longer able to live in their homes due to fire or building collapse in the event of a disaster. As a general rule, if your home is undamaged in a disaster, you should stay there and use water and food supplies that you have accumulated and stored for you and your family's use (Home Evacuation). In addition, mutual assistance among community members is highly effective during a disaster. We encourage all residents to be more aware of the importance of mutual assistance in the community.

(All respondents)

Q18. What kind of evacuation action do you think you would take if a major earthquake with a seismic intensity of upper 6* occurred and your home remained safe and free of danger? (Choose one)
