

# How to Properly Sort and Dispose of Garbage and Recyclable Resources

Please help to keep garbage collection and recyclable resource sites clean by following the rules for sorting and disposing of garbage and recyclable resources properly. Out of consideration for those living near the collection sites, please do not litter these designated areas with garbage or recyclable resources.

## Recyclable Resources

### Used papers

Newspapers, magazines  
Milk/juice paper cartons  
Corrugated cardboard

### Glass bottles

Empty food and drink bottles

### Cans

Empty food and beverage cans

Every

## Combustible Garbage

Kitchen scraps; cloth and paper scraps; small amounts of wood, branches, and leaves; , plastic items (except plastic bottles); rubber or leather items; etc.

Every

and

## Noncombustible Garbage

Items made of metal, glass, or ceramics; spray cans/lighters that are completely empty; small household appliances that are 30 cm or less per side; etc.

and

of the month

Note: Garbage is not collected between the 29th and 31st of the month.

## Plastic Bottles

Remove the cap and label, rinse lightly, and crush flat.

and

of the month

Note: Plastic bottles are not collected between the 29th and 31st of the month.

## Large-sized Garbage

(Items measuring more than 30 cm per side)

Note: You must apply in advance for collection, and a collection fee will be charged.

### Setagaya Large-sized Garbage Receiving Center Tel: 03-5715-1133

Applications are also accepted via the Internet 24 hours a day year-round.  
Notes: 1. Except regular maintenance days.  
2. In English, Chinese, Korean, Portuguese and Spanish  
Search online for "Setagaya Large-sized Garbage Receiving Center."

Hours:  
Mon. through Sat.,  
8 a.m. to 9 p.m.

\*Until 7 p.m. from January 2025 onwards

**Air conditioners, TVs, washing machines/clothes dryers, refrigerators (including mini fridges and electric cooling/heating boxes)/freezers**

Note: You must apply in advance for collection, and a collection fee will be charged.

Ask the appliance retailer where you purchased your appliance or the shop where you are buying a replacement to handle your old appliance. Or contact:

#### Home Appliance Recycling Center

Tel: 0570-087200 (Navi-Dial; in Japanese or English only)  
Reception Hours: Monday through Friday (Closed on national holidays), 9:00 a.m. to 5:00 p.m.  
Application via the Internet: <https://kaden23rc.jp/>

Please see the attached Recyclable Resources and Garbage Collection Schedule and write the schedule for your area in the spaces above.

- Please take your garbage and recyclable resources to the designated site by 8 a.m. on collection day. Garbage and recyclable resources are also collected on national holidays. For early-morning collection areas (such as some areas near Sangenjaya Station and Shimo-kitazawa Station), please take combustible and noncombustible garbage to the designated site by 7 a.m. on the designated collection day.
- For collection of garbage and recyclable resources during year-end/New Year holidays, please see the collection calendar posted on the city's website.
- For inquiries concerning collection sites for garbage and recyclable resources, please ask your local Waste Collection Office.
- Since the collection day for recyclable resources conducted by collection groups is different, please take your items to the designated location on the group collection day.

# Detailed Instructions on How to Sort and Dispose of Garbage and Recyclable Resources

- Please take garbage and recyclable resources to the designated site **by 8 a.m. (7 a.m. in some areas)** on collection day. **Garbage and recyclable resources are also collected on national holidays.**
- Please **DO NOT** dispose of garbage or put out recyclable resources the day before a collection day. Doing so detracts from the beauty of the area, and crows may target the garbage.
- **Fees are charged if you dispose of large amounts of garbage (about four 45-liter bags or more) or dispose of garbage outside of the collection day.** Contact your local Waste Collection Office for more information about dates, times and fees.

Note: It may not be possible to handle items during busy seasons, such as the yearend/New Year's period.

The collection days for recyclable resources, plastic bottles, combustible garbage, and noncombustible garbage vary depending on the area where you live. Please check the Recyclable Resources and Garbage Collection Schedule insert and write the schedule for your area in the blank spaces.

- Please put recyclable resources and PET bottles outside and **DO NOT** put them inside garbage containers or garbage storage boxes.

## Recyclable Resources

### Used Paper

### Disposal Procedures

Bundle newspaper, magazines, milk/juice paper cartons, and cardboard separately with strings.

Newspapers/flyers

Magazines, etc.

Corrugated cardboard

Dispose of styrofoam used for packaging as combustible garbage.

Milk/juice paper cartons

Do not place in a vinyl bag! Do not use adhesive tape!

Secure the items below inside magazines and tie the bundle in a crisscross fashion, or put them out for collection in a paper bag.

Pamphlets and flyers  
Wrapping paper

If the handles of the paper bag are made of a material other than paper, please treat the handles as **combustible garbage**.

Candy wrappers and tissue boxes (Please remove the plastic film and dispose of it as **combustible garbage**.)

Place these paper items in a paper bag.

### ● Applicable Items for Collection

Containers holding 500 ml or more that are white on the inside and have the identifying "Paper Pack" mark.

(1) Wash, cut open and flatten, and dry/drain

(2) Bundle paper cartons (only) with string or place them in a paper bag.

Note: Separate these items from other used paper items, such as magazines.

**The following items cannot be collected as recyclable resources. Please treat them as combustible garbage.**

- Paper that smells or is stained with oil or other substances (such as boxes that held incense, pizza, or detergent)
- Specially-processed paper, such as waterproof paper (yogurt or ice cream containers; sealed postcards; photographs; paper coated with gold, silver, or aluminum foil; heat-sensitive paper, such as cash register receipts; carbon paper; and so on)
- Other (wadded-up paper inside shoes and bags, shredder scraps, magazine supplement CD/DVD inserts, paper cartons lined with aluminum foil, etc.)

### Glass Bottles

### Disposal Procedures

Rinse the bottles out and place them in the designated yellow container.

Empty bottles that contained beverages or food

Do not place bags in the container.

Note: Please remove the cap.  
Metal caps → **Noncombustible garbage**  
Plastic caps → **Combustible garbage**

**The following items cannot be collected as recyclable resources. Please dispose of them as noncombustible garbage.**

- Bottles that contained oil
- Bottles that were filled with chemicals, such as pesticides or powerful drugs
- Glass items other than bottles (panes of glass, cups, heat-resistant glass products, etc.)
- Metal items other than cans, such as pots and kettles
- Cans other than those used to hold beverages and food, such as spray cans and gas cylinders

### Cans

### Disposal Procedures

Rinse the cans out and place them in the designated blue container.

Empty cans for beverages and food

Do not place bags in the container.

Note: Cans with metal caps may be disposed of with the caps left on.

Notes: 1. Containers may not be placed in the case of inclement weather, etc. 2. At garbage collection sites that do not have designated colored containers, place glass bottles and cans separately in a transparent or semitransparent bag so that the contents can be seen.

## Plastic Bottles

and

of the month

### Disposal Procedures

Remove the cap, label, and sticker; rinse the inside; crush; make sure the inside is empty; **be sure to place items in a transparent or semi-transparent garbage bag so that the contents can be seen.**

Plastic bottles bearing the PET mark as shown at left are recyclable.

- Notes: 1. Since items used for at-home medical treatment, such as injection needles (including pen-type injection needles) are dangerous, please do not place them in a plastic PET bottle before disposal.
2. Dispose of items without the identifying plastic PET mark and items with marks other than the abovementioned as **combustible garbage**.

**Note: Plastic bottles are not collected between the 29th and 31st of the month.**

- Please dispose of plastic bottles only on the collection days designated for plastic bottles.
- Please dispose of plastic bottles at collection boxes located at supermarkets, and public facilities whenever possible (see pages 3 through 6).

**The following items cannot be collected as recyclable resources. Please dispose of them as combustible garbage.**

- Plastic bottles that contained cooking oil
- Plastic bottles that contained spices
- Plastic bottles that stored contents other than food

# Collection of Recyclable Resources by Supermarkets and Other Retail Stores

## List of Stores

Note: Please do not put household garbage (combustible or noncombustible garbage) in these collection boxes.

(As of November 2023)

- There are also shops that collect items other than those mentioned, such as egg cartons and batteries. Please ask the shop for more information on the garbage types and disposal procedures.
- Bottles that can be reused (e.g., beer bottles)
- Colorless, transparent plastic containers used for fresh foods and processed foods

- ★ Mark  
Plastic bottles: Please dispose of them without crushing them.  
Paper cartons: Paper cartons with an aluminum foil inner lining are also collected.  
Styrofoam trays: Colored trays are also collected. (Shops without a ★ mark only collect white trays.)  
The mark means that the shops collect the plastic bottle caps as well.

- Notes: 1. The collection hours vary depending on the facility. Please be aware that collection times vary depending on establishment.  
2. Stores may stop collecting or may change the collection location due to renovation, etc. Please see the city's website for more information.

## By Collection Box

A collection box is located in public facilities. Please be aware that collection times vary depending on establishment.

Item	Description	Disposal Procedures
Plastic bottles 	Items for beverages or seasonings	Remove the cap, label, and sticker, rinse lightly, and crush flat.
White Styrofoam trays 	Items that are entirely white and made of Styrofoam	Remove the wrapping and stickers, rinse lightly, and dry.

- Notes: 1. Any items that are dirty should be disposed of as combustible garbage.  
2. Please take home the containers or bags with which you brought the recyclable resources.  
3. The caps of plastic bottles are collected at Eco Plaza Yoga and Recycle Chitosedai. Also, there are some private cooperative organizations and stores collecting the caps. Please call us or see the city's website for more information.

## Used Small Household Appliances

Some public facilities provide a dedicated collection box for the small household appliances listed below, which may contain valuable metals (e.g., rare metals) at a high level.

### Eligible 12 Items:

1. Cell phones (including smartphones) 2. Tablet terminals (excluding PCs) 3. Digital cameras 4. Portable music players  
5. IC recorders 6. Electronic dictionaries 7. Calculators 8. Portable game machines 9. Portable video cameras  
10. Portable car navigation systems 11. Telephones (excluding those with fax functions) 12. Cord items

- Notes: 1. The collection box slot is 10 cm long x 25 cm wide. This excludes Large-sized garbage items.  
2. Please delete all personal information from the device before disposal.  
3. Please tie cord items in a knot before disposal.

## By Handing Items to Collection Staff

Please hand items to collection staff between 10 a.m. and 12 noon on the second and fourth Saturdays of the month (including national holidays).

Item	Description	Disposal Procedures
Transparent plastic food containers 	Transparent, colorless plastic food containers used for fresh and processed foods	Cut off any stickers or writing, rinse lightly, and dry.
Styrofoam trays with colors and patterns 	Food trays made from styrofoam with colors and patterns.	Remove the wrapping and stickers, rinse lightly, and dry.
Used cooking oil 	Used household cooking oil	Pour the oil into a bottle or plastic bottle and bring to the collection site. *Please take the container home with you.
Newspapers 	Newspapers and flyers	Bundle with a string in a crisscross fashion and bring it to the collection site.

\*Collection is available at Eco-Plaza Yoga and Recycle Chitosedai during opening hours.

**Liquid items cannot be disposed of as garbage!**

If there is liquid remaining in containers, such as plastic containers, please remove the liquid before taking the container to the collection site. If there is a small amount of liquid, please absorb the liquid with cloth or other such material, and dispose of the cloth as combustible garbage before disposal (This excludes hazardous items, such as medicine or chemicals).

# Combustible Garbage

and

**Disposal Procedures**

Place items in a container (90 liters or less) with a lid, **or in a transparent or semitransparent bag so that the contents can be seen.** Note: If plastic or wooden items contain metal parts (such as a hanger), dispose of it according to the rules for whichever material is more voluminous. Please remove the metal parts if they can be separated safely and easily.

## Kitchen Scraps, Paper Scraps, Wood and Tree Scraps, Etc.

Kitchen scraps

Drain completely.

Small amounts of wood, branches, and leaves

Items should be 10 cm in thickness and 50 cm in length or smaller.

Clothes

Stockings, etc. (including synthetic fibers)

Diapers

Note: Please dispose of human waste in the toilet.

Paper that cannot be recycled (heat-sensitive paper and other paper scraps, photographs, etc.)

## Plastic Items

Tubes

Containers for shampoo, detergent, etc.

Make sure the containers are empty!

Bento boxes and other food containers

Food containers

Retort pouches, food wrap, film, etc.

Medical plasters and bandages

Plastic toys

(Note: items with electronic parts should be disposed of as noncombustible garbage)

Snack bags

Videotapes, DVDs, CDs, MDs, etc.

Nets and styrofoam

Other plastic items

Desiccants and refrigerants

## Rubber and Leather Items

Rubber and leather shoes

Rubber hoses and belts

(cut into pieces 50 cm or shorter)

Briefcases/handbags

(items 30 cm or less in length)

Other items, such as wallets

# Noncombustible Garbage

and

of the month

**Disposal Procedures**

Place items in a container (90 liters or less) with a lid, **or in a transparent or semitransparent bag so that the contents can be seen.** Notes: 1. Dispose of broken or sharp items such as knives in their original packaging or wrap them in thick paper and **label them "キケン" (dangerous)** so that collection workers will not be injured. 2. For disposing of thermometers and manometers containing mercury, call your local Waste Collection Office. 3. Take used rechargeable batteries, such as mobile batteries, to recycle-cooperating shops.

### Glass and Ceramic Items

Glass

Ceramic Items

Mirrors

(measuring 30 cm or less per side)

Note: Wrap sharp items, such as broken glass, in newspaper and label it "キケン" (dangerous).

### Spray Cans, Gas Cylinders, Lighters (place these items in a separate bag)

Note: Please be sure these items are empty of their contents before disposal. Place them in a bag separate from other noncombustible garbage, and label the bag "スプレー缶" (spray cans), "ライター" (lighters), etc.

### Fluorescent Light Bulbs, Light Bulbs

Note: Place these items in their original packaging, etc., so that they are not broken.

### Batteries

Dry-Cell Batteries

Coin-Shaped Batteries (CR- and BR-type batteries)

Note: Take used button-type batteries to the "Button-type Battery Collection Can" located at recycle-cooperating shops.

### Small Household Appliances and Metal Items

Small household appliances, items made of metal, knives, wire hangers, extension cords, electric chargers, pots, kettles, etc. (measuring 30 cm or less per side [excluding handles or hilts])

### Others

Disposable pocket-warmers

Aluminum foil

Note: Noncombustible garbage is not collected between the 29th and 31st of the month.

## Items That Require Reservations

**Large-sized garbage (items measuring more than 30 cm per side):** Furniture/bedding, bicycles, electrical appliances, etc.

These items are collected on a reservation-only basis, and fees are charged. Please arrange pickup by telephone or online.

To apply: **Call the Setagaya Large-sized Garbage Receiving Center (Tel: 03-5715-1133).** \* In English, Chinese, Korean, Portuguese and Spanish  
Hours: Monday through Saturday (including national holidays, except between December 29 and January 3), 8 a.m. to 9 p.m.

\*Accepted until 7 p.m. from January 2025 onwards.

Online: Application can be made from the Setagaya City website. [On-line Registration Procedures/Service/Open Data](#) → [Large-sized Garbage Receiving Center](#) (on a 24-hour basis year-round)

- Disassembled items such as cabinets, cupboards and carpets are also considered large-sized garbage. The handling fee is the same.
- To avoid problems involving “free garbage collection trucks” that make the rounds of neighborhoods while playing an announcement over a loudspeaker, please apply at the Setagaya Large-sized Garbage Receiving Center for collection of large-sized garbage.

You can bring items directly to the center on Saturdays and Sundays. Please arrange this in advance with the Setagaya Large-sized Garbage Receiving Center. Note: Applications are also accepted via the Internet.

No. of items: Up to 10 items each time

Handling fee: About half the price charged for collection by truck (minimum ¥200).

The collection site for items brought in directly is the Funabashi Large-sized Garbage Station (7-21-15 Funabashi). Note: You will be informed of details, such as the location of the waste station, when you apply.

## Items the City Does Not Collect

**Air conditioners, TVs, washing machines/clothes dryers, refrigerators (including mini fridges and electric cooling/heating boxes)/freezers, and other items subject to the Home Appliance Recycling Law**

- Ask the appliance retailer where you purchased your appliance or the shop where you are buying a replacement to handle your old appliance.

Alternatively, please contact the Home Appliance Recycling Center.

**Home Appliance Recycling Center**

Tel: 0570-087200 (Navi-Dial; in Japanese or English only)

Reception Hours: Monday through Friday (Closed on national holidays), 9:00 a.m. to 5:00 p.m.

Application via the Internet: <https://kaden23rc.jp/>

- You can also take your item directly to the collection site designated by the manufacturer (in this case, you only need to pay the recycling fee). For details, please contact the Home Appliance Recycling Ticket Center below or visit the center's website.

Inquiries about Recycling Fees and Collection Sites Designated by Manufacturers Home Appliance Recycling Ticket Center, Tel: 0120-319640 <https://www.rkc.aeha.or.jp/>

**Household PCs, peripherals and accessories:** Desktop computers, laptops, displays, etc.

**Collection by the manufacturer organization** Please apply to the PC3R Promotion Association.

Notes: ● You will not be charged collection and recycling fees for items with the PC recycle identifying mark.

- Accessories accompanying the PC at the time of purchase—such as mice, keyboards, speakers and cables—can also be picked up.
- Please also contact the PC3R Promotion Association (Tel: 03-5282-7685) when the maker of your personal computer cannot be readily identified.

リネットジャパン 検索

**Collection by delivery service partners** Please arrange pickup with Renet Japan Recycle Co., Ltd.

Notes: ● You can apply for pickup online. Delivery service company staff will visit your home to collect the item(s) according to the time and day you arrange.

- If your items include the main body of a computer, you can dispose of one boxful free of charge. However, if you are disposing only accessories, such as a display screen or printer, you must pay a collection fee.
- There are also data deletion services and collection services for small electric appliances; fees are charged. Please see the Renet Japan Recycle website for more details.

**Items that are difficult for the local government to handle:** Fire extinguishers, tires, batteries, paint, oils and petroleum products, chemicals (such as pesticides and powerful drugs), pianos, heat-resistant safes, rocks, sand, dirt, bricks, tiles, drywall, products containing asbestos, injection needles for use in medical treatment\*, etc.

Setagaya City does not collect hazardous items or items that are subject to regulations issued by manufacturers. Please ask the manufacturer of the item, the retail outlet where you purchased it, or a specialized company to handle your item. If you need more information about these specialized companies, please call your local Waste Collection Office.

\* For disposal of injection needles used for home care, Please consult your family doctor or the pharmacy where you purchased them.

Note: Tile carpets not included.
